ROOFING SUPPLIES

A division of Spar Roofing & Metal Supplies Limited

Date: 21 May 2024

TO WHOM IT MAY CONCERN

It is to certify that our 4 Tank Propane Carrier / Lifter is designed for lifting 4 (100 lbs. each) Propane Cylinders. It conforms to the standards relating to Below-the Hook Lifting Devices, ASME B30.20-2018, Chapter 20-1 and ASME-BTH-1-2017, Chapter 2, provided all the safety systems is followed.

The maximum gross weight of the system is 900 lbs. The system has been tested and complies with the load requirements for the above standards.
