

ROOF HATCH SAFETY RAIL SYSTEM

INSTRUCTION AND SAFETY INFORMATION

Read before using / installation

WARNING

This equipment is not to be used on worksites that are not in compliance with the OHS/OSHA standards. Special emphasis shall be placed on, but not limited to,
In Ontario, Canada: Section 26 to 26.10 and 207
In USA: Part 1926, Subpart M, Section 1926.500, 1926.501, 1926.502 and 1926.503
Regarding:

1. Guarding floor openings and holes.
2. Guarding roof edges by use of motion stopping safety systems (MSS) and properly installed warning line systems.
3. Providing employee training as specified.

Misuse of this equipment may result in damage or injury. It is the responsibility of the purchaser to ensure that these instructions are given to the persons who will actually be using / installing the equipment.

ASSEMBLING THE SAFETY RAIL SYSTEM

Follow assembly instructions shown in Assembly Drawing.

SAFETY PRECAUTIONS

The employer shall permit only those employees qualified by training or experience to install / use the equipment.

Regulations governing the use, selection, and maintenance of personal protective and lifesaving equipment as stated in safety regulations shall be followed.
